

NATIONAL FOALING BANK

Founder: Miss Johanna E. Vardon., M.B.E.

The National Foaling Bank has just celebrated 43 years of service to the Equine Industry, during which we have received some 71,000 calls for help, including 17,273 cases of dead mares and foals.

The purpose of the National Foaling Bank is basically to provide an adoption service for orphan foals, by matching them with a suitable foster mare which has lost its own foal. The service also takes on nearly impossible cases of savaging mares, problem foaling mares (haemolytic, cancer, twinning...) and foals that need 24 hour nursing. In a nutshell, any problem that breeders are unable to cope with themselves. Over 43 years of unrivalled experience has been gained, which is available to anyone who calls for help or advice, on a 24 hour a day basis, providing they are a Member of the National Foaling Bank. Thousands of owners all over the country will testify as to the value of the National Foaling Bank.

We never take a foal away from its own mother to rear a foal of supposedly greater value. We consider this practice to be very immoral and wrong. All our cases are a direct result of a disaster. Most cases are dealt with over the telephone, but as we have specifically designed adoption boxes and experienced staff and equipment here on the premises, some owners prefer us to look after their animals here and carry out the adoption for them. This also facilitates any mare which is to be covered by one of our Sports Horse Stallions.

We also keep a record of kind breeders who hold a limited amount of colostrum in their freezers for the benefit of current paid up Members. This rule is very strictly adhered to.

To provide such a service cannot be done without considerable cost. Our Membership fee for Sports Horses and Pony breeders is only £20.00 per year, or if you are a Thoroughbred breeder or Vet, it is £30.00 per year. This could be the best 'insurance policy' you will ever take out!

For this vital service to continue we urgently need extra funding. For this purpose the Vardon Trust was established so that breeders may become Members of the National Foaling Bank.

This will help to ensure that the practical help will always be available around the clock, and any Member can telephone at any time of the day or night without having the slightest conscience! What other organisation or Society to which you have ever financially contributed has such a service? A sympathetic ear in your hour of need can be a life saver.

The National Foaling Bank urgently invites you all to contribute now on an annual basis. One day it could be you that is in trouble, and it would be tragic if you had no-one to turn to.

Please help us to continue this wonderful service by sending your completed Bankers Order Form, this is by far the simplest way and saves us hours of administration, or alternatively send your Annual subscription to:

Vardon Trust, National Foaling Bank
