A superbly bred National Hunt Thoroughbred with a wealth of top class thoroughbred breeding in his pedigree. Syman is an attractive elegant horse, short coupled, deep chested, with a fabulous length of rein. He has a noble head with a very kind eye, excellent conformation, temperament and above all very good feet. He does not carry the chestnut gene and will therefore never throw chestnut.

This impressive young stallion takes very much after his sire with extravagant straight moving paces and natural elevation. He has been brought to the fore after the loss of his sire who, was highly thought of by the Eventing, Showing and Showjumping fraternity. He shows a calm, classic technique over a fence and loose jumps 1m 30 for fun, whilst proving to be a calm and sensible ride for his young rider Sarah Moorhouse who has produced and ridden him in his dressage and sports horse classes. A super genuine young horse with an unflappable temperament he hacks out alone or in company is very bold and brave x-country, water, ditches etc the perfect gentleman at all times.

In 2008 we aimed to produce him for the Young Event Horse Finals but after winning at Championship level as a show horse we decided not to risk injury and put the eventing career on hold for the time being. He rewarded us by winning all his stallion classes he entered.

His long-term career plans will be to be produced for a career in Eventing, Dressage and Show jumping. He is currently working at elementary dressage with established lateral work and changes and jumping double clears at 1.10m.

We consider him to be a great prospect to breed Riding horses, Hacks, Intermediates, Eventers, Showjumpers and Point to Pointers. He is also a good sire for ponies as like his father Honeybrook Siren, he has the ability to produce working hunters and competition ponies for all disciplines.

He offers an excellent Opportunity to breed top class Welsh Part Breds and Anglo Arabs, for the many showing classes that are now available at top class level, including the Cherif Championships and many of the society awards for part bred Welsh Stock.

He has been used extensively in advertising campaigns for Baileys Horse Feeds, The Every Day High Fibre Range and Lo - Cal Balancer. He has also featured in the Matchmakers 2010 Spring/Summer catalogue wearing Masta and Caldene rugs.

He has been shown successfully at County Level as a Sports Horse and Hack Stallion. Autumn 2006 he was placed 2nd NCPA Lancs, qualifying for the NCPA Summer Champs. In 2007 he was placed at: Sports Horse North West (Myerscough), Newark and Notts County, West Midlands Stallion Show – gaining the highest conformation mark, Derbyshire festival of showing, North East of England qualifying for The Royal London Show. November 2007 placed 2nd Sports Horse and 2nd Hack stallion Best of British “Champions of the Future Show”. NCPA Lancs Autumn show 2nd Sports horse, 1st Hack/Riding horse described by the judge as a “gorgeous glamorous horse “ and qualifying for NCPA Summer Championships 2008.

As a four-year-old Sirens' Missile commenced his ridden career alongside his in hand one. At the Sport Horse Breeding North West Summer Show placed 4th in a large class first time out in the 4yr old ridden sport horse, which included a testing course of show jumps and natural solid obstacles, the judge commenting on his athleticism, and what an excellent future prospect he is as a competition stallion.
