This spectacular warm blood bred in Poland is beautifully marked being black, dark bay and white with no feather at all. He has big expressive paces, excellent conformation and a superb calm outlook on life with an excellent temperament making him an ideal choice for nervous/maiden mares and those who require a very level headed stallion.

Having made an excellent recovery from a fractured pastern as a 4 year old, even though sound we have decided to retire him to stud where his huge ability to sire top class ridden competition horses can be maintained without putting added stress on his old injury. He has passed a rigorous vetting and inspection by Weatherby's NTR to obtain a dual registered status.

Nico to ride was exceptionally quiet and well balanced proving to be a very calm, sensible ride that showed a brave scopey jump over a pole. He was bold and brave across country and hacked out alone and in company, his intelligence made him an eager, ever willing pupil. He was working elementary level and was placed every time he competed He was shown in hand twice – winning both times, including at the 1997 CHAPS Championship show at Southview – Coloured Warmblood Futurity 2 yr old colt class.

He produces quality foals with fabulous paces and has an extremely high percentage of coloured foals from non-coloured mares including Black, Grey, Chestnut and Cleveland Bay Mares. His progeny are very bold, brave, with excellent paces and his truly wonderful calm temperament. They show a good technique over a fence and are regular champions on the County show circuit, regular contenders in the ridden classes at HOYS and RIHS.

Progeny include: **Just Dandy**, Placed 5th HOYS 2006 placed 7th RIHS 2006. Nico's foals are very much in demand and many are sold when just a few days old for substantial prices. Many of Nico's children are out showing and winning both in hand and under saddle as well as in dressage, eventing and in the showjumping arena.

Coloured Warmbloods have been bred in Poland for many generations as they combine the elegance of the Trakehner, with the quality of the thoroughbred and truly spectacular colour. Nico's blood line contains the French thoroughbred blood of **Aquino**, **Tornado**, **Ballymena** and the Trakehner blood of **Traum** and **Eliop**. **Aquino** won group 1 races – the Ascot Gold Cup, the Cryterian Saint-Cloud and also group 2 races the Doncaster Cup and the Pre-Daru. His sire, **Tornado**, won the Pre-Lupin (group 1 race) and the Pre-Daru. **Traum**, a successful son of **Pilger** who produced many graded Broodmares and also **Eliop** who was exported to America. **Traum** jumped in two Olympics (Mexico and Munich) and produced high quality Stallion – **Aspirant** - exported to the USA.

Hidalgo – from the **Parsival / King Tom XX** line - was known for throwing offsprings like himself with very good conformation and movement. He produced foundation Broodmares and six Stallions, including **Celsius** (great grandsire of **Donauwind**). **Bard** was a highly successful performance Stallion in his own right.

Recesja produced four coloured graded Stallions, all pure bred coloured Trakehners including **Rewir** and his best son **Nil** (Nico's Grand Sire) who have dominated Polands coloured breeding for a long time and descendents can be found all over Europe showjumping. **Isaria** was the dam and grand dam of graded mares **Inga**, **Ida**, **Irga** and **Istra**
